Postal Tariff hike on books

2654. SHRIMATI SHABANA AZMI: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether Government would agree to roll back postal tariff hike on books; and

(b) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI TAPAN SIKDAR): (a) No, Sir.

(b) the total deficit of the Department of Posts for the year 2001-2002 (Projection) is about Rs. 1537 crores. The high deficit of the Department is due to continuous increase in the cost of operations which are largely manual and periodical increase due to revision of salaries, wages, dearness allowance etc. from time to time add to the deficit. Even though some postal rates are revised from time to time, the percentage of increase in revenue is mostly far less than the percentage of increase in the expenditure incurred in providing the services. Consequently, operational cost of postal services has been increasing progressively and this has been a cause for concern.
